A screenshot of a web application for a medical cabinet. The header includes the text 'Cabinet medical' and a 'Consignes' button. A dropdown menu is open, showing 'TOUS' as the selected option, with other options 'Dr Dubois', 'Dr', and 'Dupond'. Below the header, there are icons for refresh, PDF, and calendar, followed by 'Liste' and 'Semaine' buttons. The main content area shows a calendar for 'Lundi 2 Mars 2020' and 'Mardi 3 Mars 2020'. Under 'Lundi 2 Mars 2020', there are three slots, each with a warning icon and the name 'Dr Dubois', 'Dr Dupond', and 'Dr Dubois' respectively. A red arrow points from the top right towards the 'TOUS' option in the dropdown menu.

The screenshot shows a software interface for a medical cabinet. At the top, there is a header bar with the text "Cabinet medical" and a "Consignes" button. To the right, a dropdown menu is open, showing the option "TOUS" selected, with a red arrow pointing to it. Below the dropdown, the names "Dr Dubois" and "Dr Dupond" are visible. The main area of the interface displays a calendar view for "Lundi 2 Mars 2020" and "Mardi 3 Mars 2020". The calendar shows appointments for "Dr Dubois" and "Dr Dupond" with warning icons. The interface also includes a "Liste" button and a "Semaine" button.

A screenshot of a web application interface for a medical cabinet. At the top, there is a header bar with the text "Cabinet medical" and a button labeled "Consignes". Below this is a navigation bar with icons for a refresh, a document, and a calendar, followed by the text "Liste" and a blue button labeled "Semaine". A dropdown menu is open, showing two items: "Dr Dubois x" with a red 'x' icon and the text "dup" below it, and "Dr Dupond" with a yellow highlight. A red arrow points from the top right corner of the image towards the "Dr Dubois x" item in the dropdown menu. Below the navigation bar, there is a table with two columns. The first column is labeled "Lundi 2 Mars 2020" and the second column is labeled "Mardi".
